

## Visit to the Military Historical Center “Steps of Memory”

*Donskikh Alexander, 9”Ph”*

On January 25th, my class and I went to the military-historical complex "Steps of Memory". After the trip, we had a lot to say about this joint project of RWHS and our school.

During the excursion we learned about the exploits of the Soviet military men, the atrocities of the German occupants, heroic deeds of soldiers and everyday life of civilians. We also saw the desk of a standard KGB worker, modern uniforms of Russian soldiers and trophies found on the fields of war in Ukraine.

We watched a movie about the siege of Leningrad and listened about designers and directors whose names are not known to history.

We enjoyed the excursion very much and took a couple of photos as a keepsake.
